- d. Continually inspects truck, digger and related equipment for mechanical defects and/or unsafe conditions
- e. Performs minor road or field maintenance or repairs on assigned vehicles and related equipment
- f. Knows and adheres to capacity and limitations of assigned truck and equipment
- g. Ties knots, rigs block's and makes up hand lines
- h. Properly places and lashes down all work equipment before hauling to work site
- i. Operates line trucks for installation or removal of poles. Frames poles on the ground per specifications

- j. Operates trencher for installation of underground cable
- k. Familiar with and adheres to highway laws, regulation signs and courtesies
- l. Familiar with and can use state highway maps and electric system maps of the Cooperative
- m. Replaces or sees that all Cooperative tools, equipment and unused materials are replaced on line truck at completion of job or day's work
- n. Performs scheduled replacement of truck inventory
- o. Operates two-way radio according to proper procedures
- p. Serves on-call duty on a rotation basis
- q. Performs other duties as assigned
- r. Majority of work is outside. May be exposed to extreme weather conditions and must be able to work day and/or night. Must reside within 30 miles of assigned office
- s. Must have the ability to effectively utilize a two-way radio in executing the position's duties
- t. Must be able to follow verbal and written instructions
- u. Must have a Commercial Driver's license.

ESSENTIAL FUNCTIONS:

- a. Operates vehicles, heavy equipment, line truck, underground trencher and associated equipment safely and proficiently, according to operating procedures
- b. Continuously inspects vehicles and equipment for mechanical defects and unsafe conditions. Maintains equipment as necessary
- c. Knows the name and use of materials and tools used in the construction and maintenance of transmission and distribution lines

Note: Nothing in this job description restricts management's right to assign or reassign duties and responsibilities to this job at any time.

PHYSICAL DEMANDS:

Work may be varied in the course of the day. A person in any position on an outside construction or maintenance crew must have the following qualifications.

- A. Must be able to work eight hours a day, five days a week.
- B. Must be able to work outside of these regular hours due to scheduled maintenance, damage repairs, etc.
- C. Must possess manual dexterity and visual acuity, as well as the ability to constantly listen and communicate orally.

- D. Must be able to frequently sit, bend, stoop, squat, lift and carry up to 40 pounds, push and/or pull, reach above shoulder level, climb, balance, kneel, crouch and twist.
- E. Must be able to occasionally lift between 75 – 100 pounds, to occasionally crouch and work in awkward positions and/or enclosed spaces.
- F. Must be able to use heavy machines and equipment, power, and hand tools in field operations to include pole climbing gear, hydraulic tamps, power line conductors, secondary wires, and volt/ohm meters.
- G. Visual acuity, hearing, speaking: Must be able to communicate clearly and accurately for work and safety compliance in a hot line work environment. Visual color discrimination is required to differentiate wire and part colors.
- H. Occasionally kneel and crouch in certain underground installations and pole framing on the ground.
- I. May be required to walk in uneven or poor terrain (road ditches, right-of-way, underbrush) during poor weather conditions (mud, snow, poor lighting) carrying a minimum of 50 pounds.
- J. Must be able to read and write, to include reading and interpreting work orders and technical manuals.
- K. Frequently sits in a vehicle to drive and/or ride to various sites.

Activities include frequent use of hand-eye coordination to operate power hand tools and occasionally electronic test equipment. This list is not intended to be all-inclusive. An employee will also perform other reasonably related business duties as assigned by immediate supervisor and/or other management as required.

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. Work performed involves frequently working from a bucket, lifting and pulling cable, digging with a shovel and other hand tools, frequently pulling cable and rope and climbing poles.

EDUCATION/EXPERIENCE REQUIRED, CERTIFICATE AND/OR LICENSES:

- High School diploma or equivalent.
- Class A Commercial Driver's License.
- Line construction experience is preferred.
